Season Summary:

We started the season with a record number of athletes attending the first practice. We had a large team, but an inexperienced one. We traveled to Dartmouth our 1st meet of the season, taking a third place out of six teams. We competed at UNH against six teams the following week, beating all six teams. We were maturing. On January 7th, we had the first ever Indoor Track meet at Hackler Gymnasium. It was a tri meet vs. Timberlane and Salem. We beat both teams in this inaugural event. Our next meet was the largest in terms of number of teams, of the season. Out of a ten team field, we tied for first place honors with Winnacunnet High School. This showed our team had really matured. The next event was the NH State Relay Carnival. We did a super job in the relays, finishing third, only missing second by one-half of a point. Our next opponent, the eventual State Champion, stole some thunder from our track. They beat us pretty good, but it let you know what your level of performance had to be to be the best. The State Meet was a little disappointing. We placed ninth overall. This meet showed a few things. The competition in the state of NH has improved greatly over the last few years, which is good. Our team was one with good depth, but only a few super stars. It takes more than a few exceptional athletes to do really well in a State Competition.
