**a letter from the coach.**

It was the kind of season we have been working so hard these past few years to make happen. From the first days of try-outs, each of you demonstrated the commitment and desire needed to be a successful and important contributor to the team. By the first week in January, we had already posted qualifiers in every event. Our veterans were using their skills and experience to place themselves high in the state's battlenotes; our coaching staff worked are to make sure each part of our team was prepared. At one time or another, long standing school records in many events were in real danger. What was most impressive was the efforts and performances of the first and second year members. They worked hard to excel in their events and they didn't want to wait a year before being major contributors. Together, we marched though the regular season, unscathed right to the Central NH Class L. Flip back in this booklet and take a close look at the results and performances of that meet and realize how close we all came to beating the eventual state champions. There were good reasons we were feeling so great at the end of that meet!

That we performed so poorly as a team at the state championships is something we will have to share. It can sometimes leave a lasting impression when the season ends that way. I'm hoping this booklet gives us all a chance to look back beyond the states, and remember just how much we all accomplished in such a short amount of time.

There are no secrets to success. Success is simply seeing what's possible and working to make it happen. As coaches, we do our best to show you the possibilities that exist in each one of you. As long as we have a team willing to do the work, all things will always be possible.

Thank you all for a terrific winter season!

your coach.
